

Regulations (CFRs): Terminal Checklist - KCGI ILS or LOC Rwy 10 (from Pro Pilot 06/2014)

Professional Pilot magazine's "Terminal Checklist" is a monthly "must read." Thank you, Murry Smith, for making it possible.

When possible, the FAA NACO / NOS plate has been included to supplement the original Jeppesen example.

Can't find the answers? They will be posted after the month's Instrument Proficiency Club's meeting.

(Answers now posted!)
